COL. H. B. ANDERSON SUCCEEDS HORNSBY

Lieut.-Col. Harry B. Anderson, for Lieut.-Col. Harry B. Anderson, for a number of years a prominent member of the Memphis bar and during the world war serving with the judge-advocate-general's department overseas, will assume the duties of referee in bunkruptcy at Memphis on Sept. 1. Col. Anderson succeeds A. H. Hornsby, who has held the office for 14 years, Mr. Hornsby's term expires on Aug. 21, and Judge McCall tendered him the office for another term but it was declined.

for attention Mr. Hornsby expressed a desire to retire and even after Judica McCall had tendered the reappointment and numerous friends had urged him to accept Mr. Hornsby still declined. Col. Anderson is one of the prominent attorneys of Memphis and enjoys a wide acquaintance. He served with distinction during the war, being attached to the judge-advocate-general's department in France. He is being congratulated by his many friends upon his appointment as referee, the duties of which he will assume on September 1.

Ward Organizations.

Lesile M. Stratton has already taken up the work of organization for the Citizens' league campaign for the coming municipal election.

Headquarters will be opened next week on the second floor at 34 North Second street, and an active campaign will be begun.

The first work, which is already under way, will be to endeavor to have every citizen register during the remainder of the ten days' general registration. Then the ward and precinct organization will be taken up.

Women are to be allotted an equal share with the men in every phase of the campaign. There will be a women's committee, with a chairman, and precinct chairmen will ze appointed in every ward of women as well as men.

Later, when the organization has been completed, and when the campaign is well under way, women as well as men, will address the voters at the ralles that will be held in every section of the city.

Regarding Mr. Edgar's elegibility, under the famous Section 22 of the city charter, Mr. Stratton and Mr. Edgar said Friday that the question was looked into several weeks ago by some of the foremost lawyers of Memphis, who hold that his position as a miember of the municipal terminal commission is an appointive upe, and that Section 23 does not apply to his case.

That is the section which prohibits any officer of Memphis from accepting any other office during the term for which he is elseted. WASHINGTON, Aug. 15.—President Wilson today vetoed the bill repealing the daylight saving law. Declaring the pressing need of the country was for production by industry, the president said he had been obliged to 'balance one set to disadvantages against another and decide which was the more serious for the country."

The president said he returned the bill without his approval with "the utmost refuctance," because he realized "the very considerable, and in some respects very serious inconveniences to which the daylight savings law subjects the farmers of the country."

The president's message was sent to speaker Gillett, but any effort, was made to present it to the flouse, representative Blanton, Texas, made a point of no quorum and the house adjourned without the message being read.

This was the second time the president had veteed repeal of the law by which the clocks are set forward an hour on the last Sunday in October. The first veto was several weeks ago, the repeal being attached as a rider to the annual agricultural appropriation bill.

White House officials and members of congress could not recall today a previous instance of a president having twice vetoed the same bill. Leaders in congress doubt that the two-thirds vote necessary to pass the repeal measure over the president's head can be obtained. AGAINST CARLYLE

DRUG STORE BURGLARS

Arthur J. Carlyle, alias Carl Leuders, who was arrested in Philadelphia recently charged with obtaining money by false pretenses, was served with a federal warrant Friday afternoon charging him with having worn the uniform of a member of the United States military without authority.

Leuders is being held at the Shelby county jail pending disposition of the charges against him growing out of his alleged operations with checks. Upon his release he will be held for the federal authorities.

Leuders was captured in Philadelphia on information furnished from Memphis and was brought to Memphis several weeks ago by Sergt Crosby of the police department. Burgiars before dawn Friday pried one a front door of the drug store of O. C. Poll. Courtland place and Cooper street. But apparently were frightened away before they procured much loot. A considerable quantity of cigars and cigares was found on the sidewalk by Policemen Oliver and Robinson, of the emergency squad of the central police office, that evidently had been abandoned by the thieves as they fled.

P. W. Pisher Friday filed sult for damages in circuit court against the city of Memphis, the commissioners of the Memphis Artesian Water depart-ment and Wirt J. Wills, superintendent of the water department in the sum of \$15,000.

the sisters of the youth.

This is the first suit of its kind in Shelby county since the law became effective in July. The bill was filed for the plaintiff by Sivley. Evans & McCadden.

The petition sets out that Mr. and Mrs. Crumpler are now living apart and shows that the youth, who was 16 years of age, was living with his mother. Petitioner, therefore, wishes to know to whom the compensation shall go, whether the mother or father.

The lad drew a weekly wage of \$12.50 and petitioners believe under the act, if the beneficiary is entitled to compensation, it should be four dollars a week for 400 weeks, a total of \$2,000. In the petition it is also alleged the youth erred in stepping in a pit to put a belt on the elevator shaft, thereby relieving the company of any negligence in his death. LONDON, Aug. 15.—A wireless dispatch received at Queenstown from the British tank steamer War Khan says the tanker has picked up another steamer in midocean, finding the crew drunk, the captain incapacitated from injuries and some of the other officers in irons. The crew of the War Khan arrested the mutinous crew of the other steamer and supplied enough men to take the steamer to Brest.

The name of the steamer on which the crew mutinied could not be deciphered from the wireless dispatch. Special dispatches from Queenstown say that the ship on which the mutiny occurred was the "American steamer Marisaya." They add that negro stokers on board mutinied and imprisoned the officers. The ship carried several thousand casis of whisky. The crew of the War Khan, it is said, found the fires out and the steamer drifting.

Available shipping records do not contain the name of an American steamer Marisya. The British sfeamer Mariska salled from Baltimore July 25 for Brest.

Recognition of the value of women's votes and influence to the cause of good government, not only in Memphis, but throughout the country, was indeed one of the dominating features of the gathering. It was stressed in the opening remarks of Bolton Smith, chriffman of the general committee, in the brief speeches made by the nominees, and in each of the short nominees, and in each of the short nomineting addresses.

The candidates expressed their cordial approval of the resolutions recently passed by the Memphis Equal Suffrage league, and the platform embodies a pledge substantially indorsing the suffrage league's demands.

The meeting was held in the Hotel Gayono baliroom, and was a larger and more representative gathering than the meeting held three weeks ago when the movement to place a citisen's ticket in the fleid was begun. A number of men were present who did not attend the first meeting. All classes of citi-(ontinued on Page 16, Column 1).

Mary E. Tucker, of Byhalia, Miss., is made.

Mrs. Tucker bequethed four-sixths of her estate to four sets of kinsfolks and made money bequests to others amounting to something like \$4,200. The will then reads that the residue of the estate, real and personal, shall be left to the Home for Incurables at Memphis. It is said Mrs. Tucker left a fine plantation in Mississippi and has considerable property, but just what the residue amounts to is not known here and will not be known until final disposition of the estate is made under the will.

A petition was presented to the chancery court in Memphis real estate owned by the deceased. It was filled by Wilson and Armstrong, attorneys, for partition for the benefit of the neirs to the estate. Heirs of the estate live in various parts of the world, some residing in Ireland, some in the United States and one in faraway Argentina. No one has yet appeared before the court in the interest of the Home for Incurables. It is probable Chancellor Heiskell will name sone one to look after the home's interests.

BUTLER, Pa., Aug. 15.—A troop of state police arrived here this forenoon and was placed on guard at the plant of the Standard Steel Car company, which was the scene of rioting early today between several thousand striking shopmen and 500 nonunion workers.

The strikers attacked the nonunion men with clubs as they were about to enter the plant. A dozen presons were injured and the situation got beyond control of the local police and deputies who were on guard at the plant where the strike has been in process ten days and the conatabulary was summoned.

Upon the arrival of the state police the strikers withdrew. Up to noon there had been no new outbreaks.

(Special Correspondent of The Nawe Seimitar.)

WASHINGTON, Aug. 15.—A. Mitchell Paimer is about to be confirmed by the senate as attorney-special after an unprecedented delay. Not only is it most unusual for the senate to take exception to the appointment by a president of secretaries for his official family, but generally, when the cabinet appointed has been a member of congress, she senate accepts the somination without question.

A remarkable chain of circumstances, however, has delayed the confirmation of Mr. Paimer. It is a chapter in Respublican management which some of the Republicans themselves frankly wish had not happened and is but another instance in which one or twe Republicans have swerved the party from a straight course it might otherwise have taken.

For, just as German influence once placed its hand on the Democratic chairman of the sonate foreign relations committee, the late Senator Stone, of Misseuri, so have German influences seemed to affect this time the other side of the political aisle of the senate. The story of the delay in the confirmation of Attorney-General Paimer involves the drastic action which he took, as allen property custodian, in getting hold of German spice in German insurance company branches in this country from aiding German or using the funds of American concerns which they controlled. Some of these insurance companies sent complete maps and data of industrial plants which they controlled. Some of these insurance companies werk and the adion property custodian dealt severely with those concerns when empowered to do so by law.
